Dear Sister in Jesus

I hope you have received my last letter, and that you are well in body and in soul. When will you write to me again and tell me how you and those others who have taken Jesus, get on with Him. I hope it is all well.

I have no letter from Mr Duncan the last week or time and so I have no news of you at all. I had a letter from Lord Rodstock, sent to my dear mother, last week and I see in it that the Lord has given him much blessing in Stockholm, many have taken Jesus there, and he is expecting many more. I think this is also in answer to my prayers for Sweden, for I do not forget to pray for it, and for you all.

I hope you are going to trust fully in Jesus for the saving from sin a doubt and fear. Is He a perfect Savior that is a full Savior – från alla synder? He says he is. The book says He is. I say He is. What do you say? I think I know what you say – and you must not add “But – I – am – afraid” – you must not be afraid. Only trust Jesus fully and He will save fully.

Tell the dear friends I am pretty well that I pray the Lord to keep them. I sometimes try to sing “Jesus frälsar mig” and I wonder if you still sing it there. I want your faith to be strong. In God’s word He says that His people are saved by faith and that they walk by faith, and stand by faith and live by faith – it is all by faith – and people make a mistake and do wrong in not using the faith they have, instead of waiting for more, no matter how little you have, use it. If it is only the sign of a mustard seed that is enough, use it. Take hold fast and keep hold fast of Jesus the Savior with it. You will. You do.

I desire to be remembered to all – your sister – the Björkmans, Sister I. and her sister and the others. Also the Hörle people. I hope they are well – did the young man up there get saved and the daughter of the manager there?

I suppose you do not see much of the Duncans now as Mr Billups told me they were gone up the country.

I am glad to tell you the work of the Lord goes on with my people here in power. Many are bring saved and many also are taking Jesus to be there full Savior their Sanctifier. May He also help you.

Do you ever see anything of Nelly? Is she holding on?

Trials and sorrows and storms are good for us in this world. They make us look up. Soon they will be over and then we shall be with God the Lord for ever and for ever.

Yours affectionately in His love
