

Do you get the War Cry?

My dear friend,

I have received yours of the 14 Feb and all the books safe and sound. I will shortly send you some translations of our hymns for you to connect. Please send me word how much I owe you for these books. –

I do not expect to be able to come to Sweden just at present. Mr Railton is detained in America a week or two longer than was expected.

I am sure it will interest you to know that I have now established another Holiness meeting in London and already we have had very blessed times – Glory be to Jesus. Pray for this. I want hundreds to fully saved at these meetings. I believe it shall be so, and you can help if you pray and believe for them. I am sorry about the Minister – but the Lord knows what to do and will do all things well. And He will teach him. Help the Lord to lead him and others all you can for God still does this through human instruments, and He has given you more light than some, that you may show His word to others. Do not flinch or shake, speak with boldness and love and the Holy Ghost will be with what you say and write. God is no respecter of persons. He is willing to make apostles of any who are willing to be and suffer and live and die as apostles.

I pray for you and for your dear Country and for all the people in Wernamo. I am sure you ought to do all you can to publish Jesus. Do not care what people say – go on. Hold on. Trust on. Fight on. The Kingdom of God is within you and the Christ is your King. Hallelujah.

Excuse this short note. I have many to write.

Your brother and friend in Jesus
