"Hall full (600). No disturbance. Wonderful attention, power and conviction. People eager to hear . We are full of praise to God."

Letter says:

We are indeed full of praise to God! To my mind the meeting last night was a <u>most wonderful success</u>: the place full, some standing; and, after the first few minutes, <u>marked interest</u> and power of the Holy Ghost, and I feel sure and believe that in a few nights we shall <u>have</u> a <u>big smash</u>. <u>Amen!</u>

The singing went well and the people look to the tunes first salv.

<u>Good</u> singing will help to make us here: tunes with lots of go in them, and salvation in every line of the Hymns.
