My dear friend in Jesus our Lord,

I have your letter of 2<sup>nd</sup>, it rejoices my heart. I am not so cast down as I was. God lifts up those who are cast down. He is good. I thank you for all your wishes and believing prayers. I have much need that you pray for me still. Do not forget.

I am filled with gratitude to God for his wonderful work through you. I am sure this is the beginning of a great fire in Sweden. I wish I could come out a little and help you fan the flame. But I am afraid it is impossible. But the Angel of the Covenant will stand by you, trust Him to the full.

I am sorry your brothers do not get saved. How strange it is that we so often find one among many of one family serving the dear Lord. But I know this will not stop you, you must work in spite of all. God is calling you.

I cannot tell you how the news of those souls seeking God cheered my heart for Sweden. For I love your country next to my own of all the nations. God will surely do great things for it. I do believe.

Excuse these few lines –I just send them to assure you that I am well and trusting in God and though I have been cast down yet not destroyed.

All our folks send love. Eva is still away – she is better but very poorly. Pray for us all. The work grows and God is glorified.

Yours affectionately in Him and in His holy Service
