My dear friend in Jesus,

I have your kind letter. I do not know much about the magnetic cure. I know some people who seem to have received much good by it, and some who have tried it and have not received any. I have asked Mrs Billups to tell you her opinion she knows much more about it than I do. I am interested in that sick one. I trust the Lord will keep the soul strong and use the conversation to bring others to the light.

I joy in your steadfast faith in the Lord. This will bring much glory to his name both here and hereafter. Hold fast. It is written "the just shall live by faith" and it is true that by faith they shall live. With your hand in the hand of Jesus our Lord nothing can harm you. Sometimes the Lord does not say, go backward or go forward, but just "stand still and see the Salvation of God." Examine yourself and look to Jesus often – nay always. Let your will be in His will – your desires be in His desires – you and He mixed up – united together as one. This is His will – "oh Lord thy will be done on Earth as it is in Heaven." Just now!

I see the Lord is with you, in making you so strongly desire the salvation of others. That is His work in you. Do what you can. When Jesus was going to feed the 5000 Phillip brought the 5 loaves and he did not seem to think they would be (of) any use among so many – but the Master took them and He made them of use. Now all we do seems like those loaves – no use among so many, but Jesus can take what we do little as it is and make it much good – though perhaps he will have to break it in pieces first.

I am so (sorry) Sister Gertrude is hindered. The Lord must have all, all, all. And then He will give all – all. Without Him nothing is good, with Him we can do without all else if that be His will. You must do what you can for that soul. I will ask the Lord to help you. I am thankful Sister Clara trust to the Lord only. He will help her according to His promise, in the hollow of His hand – and all the others remember me with love in the Lord to all. I am glad to tell you the Lord is good to us here. Many souls are being brought to him. I hope to hear you had a good time at Jönköping – I have not heard very much of Mr Radcliffe the last few days. If you see much interesting work write and tell me about it – I should like to put a few lines in our paper, many of our people much like to hear about Sweden. I am glad you are able to read the papers. I hope you saw what my sister said at the Holiness meeting which was reported in The Christian. It was good and may help you. That is the one we expect will go to France.

Jesus the Sanctifier be with you. You will say this is a very short letter. I will try to send more next time. Live in the Lord and lean hard upon His word all His promises are yea and amen to you in Christ Jesus.

Affectionate greetings servant and brother

W. Bramwell Booth
