My dear Friend,

I must send you a few lines to greet you in the Lord at this festive time. Christ has come to you. He is yours. In actual reality He is come. A precious present person, as much as in the days He visited Judea and Jerusalem. A comforter and friend as when in the house of Lazarus and Mary and Martha. A Person. By the Holy Ghost He is formed again in you in truth.

I wish it was possible to see you and bring you to our meetings at Exeter Hall tomorrow. We expect a great blessing. The people will be nearly all Salvation Soldiers, and we are looking for a mighty blessing. I shall not forget you and Sweden.

I am filled with gratitude to God when I look back on the past year. He is good. I praise Him. So ought you to do. You have learned many lessons, during 1881. And I am impressed that 1882 is going to give you great things to do and suffer for God.

I am pretty well in body. Much better than I was last Christmas. The Lord be praised.

Now, the Lord my Master keep and bless you. Trust Him all you can and He will trust you with His secrets and keep you in His own keeping, and supply all your need out of His treasury.

I will have the papers you ask for sent.

Yours affectionately  
W. Bramwell Booth

Dear Day, D.

My dear Friend, I must send you a few lines to greet you in the Lord at this festive time. Christ has come to you. He is yours. In actual reality he is come. A precious person, as much as in the days he visited Judaea & Jerusalem. A comforter & friend as when in the house of Mary & Martha. A Person. By the Holy Ghost he is formed again in you in truth.

I wish it was possible to see you and bring you to our meetings at Charter Hall tomorrow. We expect a great blessing. The people will be marvellously

all Salvation Soldiers, and we are looking for a mighty blessing. I shall not forget you & Sirden. I am filled with gratitude to God when I look back on the past year. He is good. I praise Him. So ought you to do. You have learned many lessons, during the 1881. And I am impressed that 1882 is going to give you great things to do and suffer for God.

I cannot say any thing definite about the work in Sirden. We are still undecided.

I am pretty well in body. Much better than I was last Xmas. The Lord be praised.

Now, the Lord my Master keep and bless you. Trust Him all you can & He will treat you with His secrets and

Keep you in His own keeping, and supply all your need out of His treasury.

I will have the papers you ask for sent.

Yours affectionately  
W. Brauer & Co. Book.

Dear daughter honey.
